## Krossa Regal Hosta Hosta 'Krossa Regal'

Plant Height: 3 feet Flower Height: 4 feet

Spread: 5 feet Spacing: 4 feet

Sunlight: **● ●** Hardiness Zone: 2a

Other Names: Plantain Lily, Funkia

**Description:** 

A wonderful selection perfect for shaded borders and beds; features upright, arching mounds of soft gray-blue foliage with heavy veining; pale lavender flowers appear on tall scapes during the midsummer months; fast growing and low maintenance

#### **Ornamental Features**

Krossa Regal Hosta features dainty spikes of lavender bell-shaped flowers rising above the foliage in mid summer. Its attractive enormous textured heart-shaped leaves remain silvery blue in colour throughout the season.

### **Landscape Attributes**

Krossa Regal Hosta is a dense herbaceous perennial with tall flower stalks held atop a low mound of foliage. Its wonderfully bold, coarse texture can be very effective in a balanced garden composition.

### **Planting & Growing**

Krossa Regal Hosta will grow to be about 3 feet tall at maturity extending to 4 feet tall with the flowers, with a spread of 5 feet. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 4 feet apart. Its foliage tends to remain dense right to the ground, not requiring facer plants in front. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 10 years. As an herbaceous perennial, this plant will usually die back to the crown each winter, and will regrow from the base each spring. Be careful not to disturb the crown in late winter when it may not be readily seen!

This plant does best in partial shade to shade. It prefers to grow in average to moist conditions, and shouldn't be allowed to dry out. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid. It can be propagated by division; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.
